Verde	Development & Marketing Intern	Verde's programs work at the intersection of environmental, racial, and economic justice. They believe the environment is at the heart of all issues of livability, security, and wealth. Through social enterprise, advocacy, and outreach programs, they bring new environmental investments to Portland, involve community members in the planning of investments, and ensure low-income people and people of color directly benefit from these investments.	This year's Verde intern will work with colleagues in Development and Communications on general donor stewardship, fundraising events, communications and outreach. This intern will be assigned a mentor for the duration of their internship. Spanish fluency is a plus, but not required!	<a href="https://www.verdenw.org/">https://www.verdenw.org/</a>
Virginia Garcia Memorial Health Center (bilingual preferred)	Communications, Events & Advocacy Intern	Virginia Garcia Memorial Health Center is committed to providing high quality care to the community.
